This template can be used for multiple purposes:

- It enables schools to effectively plan their use of the Primary PE and sport premium
- It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium
- It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action	Impact	Comments
To improve gymnastics provision at North Primary.	Staff have been trained on using the equipment and the pupils enjoy using all the new equipment, which has increased participation in gymnastics.	We will be sending our sports coach on further gymnastics training to further develop their skills in this area, as it is an area that children have shown a huge interest in.
Play leaders programme	Pupils have developed a massive interest in becoming play leaders and sports leaders across the schools. They have become real assets in helping teachers around the school.	Due to the high interest we have continued the leadership programme with Featherstone and will be giving them more opportunities to lead events.

Key achievements 2023-2024

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

Activity/Action	Impact	Comments
<i>To enable PP to engage in sporting opportunities.</i>	90% of PP children participated in sporting activities throughout the year.	Continue to provide more sporting opportunities for PP children, taking feedback on what clubs they may want.
<i>PE specialist sports coach to support teachers in developing confidence in PE and improve extracurricular opportunities.</i>	Through having a Sports Coach we have managed to offer a lot more opportunities through clubs and competitions without cancellations.	Sports Coach will continue next year and hopefully be able to offer more opportunities for the school.
<i>Develop Sports Houses across the school.</i>	Children have become very engaged with their Sports Houses and it has given an added spark to sport around the school.	Continue to use Sports Houses to develop some more inter-school competitions.

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

<u>Question</u>	<u>Stats:</u>	<u>Further context</u> <u>Relative to local challenges</u>
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	15%	<i>Pupils struggle to continue to consistently swim weekly after lessons in year 5. This means they do not get the opportunities to further build upon their skills due to a number of factors such as: lack of money, parents confidence/disinterested etc.</i>
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	10%	<i>Pupils swim weekly in Year 5. We have conducted this data at the end of Year 6 in summer term.</i>

What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?	10%	<i>Pupils lack confidence in water having not been exposed to this from a young age. We will be having a massive drive to improve this percentage next year.</i>
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	Yes/No	Next year, we are currently aiming to start swimming early in summer term Year 4 to get children in the water earlier and therefore prepare them already for swimming in Year 5. This will hopefully take away that 'fear factor' stage and get them comfortable in water earlier.
Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	Yes/No
