Part A: Pupil premium strategy plan

Statement of intent

At North we strive for all children to excel from individual their starting points. North’s curriculum²³ is accessible to all pupils, with bespoke modifications that meet individual needs. Any barriers to learning that pupils may have, are successfully overcome. Our curriculum is broad and balanced for example, in the music curriculum all children learn to use their voice to sing, the xylophone, the djembe drums and the recorder. We have extensive Physical Education opportunities in school, at lunchtimes and through clubs. The development of language is paramount in all subjects, we explicitly teach ‘star’ words across the curriculum. Children leave North with a sound understanding of basic Spanish.

Our commitment to disadvantaged pupils includes support for their basic needs through the employment of a full time Pastoral Lead. We ensure that all children have access to the wider curriculum and cultural capital through funded/subsidised opportunities. We provide a bespoke curriculum adapted for children’s language needs and an extensive array of curriculum workshops in order to support parents to help their children to learn. Where appropriate play therapy and emotional support is offered beyond our PSHE curriculum by our qualified Play Therapist. We are determined for our children to have healthy minds and healthy bodies and so we use a trauma informed schools approach and employ a fitness coach to manage extra provision.

North Primary fully promotes equity and diversity.

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attendance and levels of persistent absence
2	Trauma, mental health and safeguarding concerns
3	High levels of children that are new to English and England
4	Poverty - basic needs
5	High levels of mobility
6	Limited experience beyond home, school and possibly country of origin
